

2.57 Homework #1, Due 12:30, Feb. 22, 2012

Book: 1.7, 1.9, 1.12, 1.13, 1.14

Read and write a one page report on the paper:

R.P. Feynman, There's Plenty of Room at the Bottom, J. Microelectromechanical Systems, Vol. 1, No. 1, pp.60-66, 1992.

This paper was a talk given by Feynman in 1959. Many of his predictions have been realized. In your report, you should comment on what of his predictions have been realized, and what have not, and what you think are possible and impossible. Of course, we do not expect that your comments will be accurate, but try your best.
